FREE BOOK ON PILES

TELLS HOW TO CURE THEM WITH INTERNAL MEDICINE

Do you know the cause of piles? Is it internal or external? Will salves, suppositories or cutting remove the cause? How can one be cured permanently? Do you know how Dr. J. S. Leonard found the cause and cure? All these questions answered fully in a booklet mailed free by Dr. Leonard at Co., Station B, Buffalo, N. Y., or at J. Jas. Wood & Son's Drugstore, Maysville, Ky., who sell the successful remedy, Hem-roid, under guarantee, at \$1 per large bottle.

Mrs. P. King of East Fourth street is visiting relatives and friends in Chicago, Ill.

Mr. L. T. Anderson of Point-an-View Stock Farm left this morning for Lexington, where he is going after some of the big prizes with his string of high-class horses.

NOT DANDERDUSLY HURT

Mr. John M. Wilson of Clifton received a bad fall yesterday, sustaining painful but not serious injuries about the back and neck. He was working at the time on a smokehouse for Mr. Marion Tolle in Forest avenue, when the ladder on which he was standing slipped and he fell a distance of about fourteen feet, with results as above stated.

STATE GOOD ROADS CONVENTION

A State Good Roads Convention has been called at the Kentucky State Fair for Friday, September 10th, and every effort is being put forth to give the good roads movement great impetus on that occasion. Secretary J. W. Newman has enlisted the interest of the United States Department of Agriculture in the movement, and a National good roads expert will be the principal speaker at the Convention.

Lexington Herald.

Miss Mary Belle Walker entertained very delightfully with a lawn party and dance at her home in the country last evening, in honor of the members of her house party, Misses Erbel Johnson of Millersburg; Maria Worthington of Pulaski, Tenn.; Edith Myall of Paris, Ky.; Julia Dee Rice; Messrs. Alex. Marshall, Calvert Eariy, Chas. Parker, Wilson Porter and Harvey Rice, all of Maysville, Ky.

The lawn was very pretty with numbers of Japanese lanterns hung from the trees and lawn swings and hammocks and chairs placed under the trees. The house was decorated with cut flowers and ferns, the prevailing colors being green and yellow, and the colors were carried out in the lawns and cakes which were served. The punch table was placed in the hall and was gracefully presided over by the hostess' attractive young sister, Miss Elizabeth Walker. Miss Walker was assisted in entertaining by her mother, Mrs. M. W. Walker, and sister, Miss Elizabeth Walker.

Among those present at the dance were Misses Alma Hopper and Minnie Jefferson of Mayslick and Messrs. Ernest Stearns and Dudley Quintance of this city.

SMART KENTUCKY GIRLS

Will Display Results of Their Household work at the State Fair.

The High School girl of Kentucky is to have her inning at the State Fair, held in Louisville September 12-17. The fair management has decided to learn just what progress has been made in the domestic arts and sciences by the school girls, and it is probable there will not be a more interesting exhibit at this year's big show than the examples of handwork of Kentucky girls.

Liberal prizes have been offered for everything from a pink kimono and fancy apron to best one dozen button holes. The girl who can make the best muffs and doughnuts and make the best lemon pie, will also be rewarded for her skill and industry. This new department will be in direct charge of Miss Evelyn Porter, of Louisville, as superintendent, with Misses Eva N. McGrew, of Bayou, and Annie Rutherford, of Louisville, as assistants.

Fine Machinery Exhibit.

From a mechanical standpoint the Kentucky State Fair of 1910 will prove every whit as interesting and instructive as from a live stock point of view. The machinery manufacturers of Kentucky have shown their practical interest in the exhibition by making entries earlier than ever before, and promises are bright for a mechanical exhibit of greater scope and magnitude than has marked any previous State Fair. The list of entries received up to date includes many innovations along agricultural implement lines, and the number of "moving exhibits" will be larger this year than ever before.

Prayer-meeting will be omitted at the Central Presbyterian Church this week.

The Maysville White Sox left this morning for Millersburg, where they will cross bats today with the crack team at that place.

Messrs. Power & Threlkeld carried off one first and one second premium on their Buff Wyandotte chickens shown this week at the Bluegrass Fair at Lexington.

CAN A MEDICINE BE A "FAKE"

that has lived and grown in popularity for thirty years, and demonstrated its worth by actual cures of female ailments in thousands and thousands of American families?

Any fair minded, intelligent person will emphatically answer NO! Such a medicine is Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, and its ever increasing popularity is due to actual merit alone.

Ringgold Lodge No. 27, I. O. O. F., will hold its regular meeting this evening at 7:00 at DeKal Lodge Hall.

Maysville Lodge No. 704 will meet at the Elks Home, West Front street, at 7:30 this evening. Visiting Elks invited.

In Your Toilet and Bath

For cleansing the skin and removing stains you must use soap—good soap—that doesn't contain ingredients that irritate and chap the skin. Now, you can get that kind of soap, and, in addition, softening and whitening properties combined antiseptically, thus treating the skin medicinally, would you not adopt it, especially if its cost was less? Such a preparation is

THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

Were living in perfect comfort all over the house. The Underfeed coal burning way—fuel fed from below—all the fire on top—insures as much clean, even heat from cheapest slack as highest priced coal which ordinary heating plants require. This enables Underfeed users to

SAVE 1/2 TO 3/4 OF COAL BILLS

Mr. J. E. Crider, President of the Crider Creamery Company, Fredonia, Ky., relates his Underfeed experience thus:

"We installed one of your No. 739 Underfeed furnaces in our 12-room house about two years ago. We have found the furnace very satisfactory indeed. The furnace is extremely economical, fires easily and the heat is quite evenly distributed throughout the various rooms. We use nut and slack coal for fuel with perfect results and much prefer the Underfeed to any heating device with which we are familiar."

Send for our FREE book about UNDERFEED Furnaces and Boilers and let us PROVE that it will pay you to discard old-fashioned heating methods and install the satisfactory dividend-paying Underfeed. Heating plans and services of our Engineering Department all FREE. Write today.

PUBLIC LEDGER

MAYSVILLE, KY.

There are now about 1,500 male prisoners in the Penitentiary at Frankfort.

Owing to the low stage of water in the Ohio the Courier did not reach here until 7:35 last evening.

Fritz Schell has bought 150 acres of land near Lexington, Ky., where she will build a permanent American home.

Colonel Roosevelt's Western trip will begin August 25th and will end September 11th. The Southern trip will extend from October 6th to October 11th. No further invitations will be considered.

Editor A. F. Corran of THE LEDGER, Messrs. E. L. Manchester, John C. Hains and Wade-worth Cole left this morning on a tour of inspection of the oil fields of Mason, Bracken and Robertson counties, in the interest of the Ohio Valley Oil and Gas Company.

DAM NO. 18 COMPLETED

The new Lock and Dam No. 18 in the Ohio river three miles above Parkersburg, W. Va., is now in successful operation. The packet Valley Belle was the first boat to pass through the new structure. The steamer was locked through in seven and a half minutes, establishing a new record for rapid lock work. The Lock and Dam cost \$1,000,000, and it has taken seven years to complete the work. The machinery and buildings cost \$500,000. A good stage of water is maintained at Marietta, which is eight miles above the dam.

BORING FOR OIL AT CARLISLE

Work is being pushed on the oil and gas wells being sunk on the property of the Carlisle Light and Power Company at Carlisle, where gas was struck at 400 feet and oil at 500 feet. For several days the drills have been working in a solid rock, which have been penetrated over 100 feet. The light flow of oil continues and the men in charge hope to reach a rich vein of either oil or gas at a greater depth, possibly as soon as the solid rock is penetrated. It is announced that the well will be sunk 1,000 feet if necessary. Salt water, which is found in oil wells, according to experts, has been encountered.

STEAMERS TO BE SOLD

The Pittsburgh and Cincinnati Packet Company's effects, including the steamers Queen City and Virginia, will be sold at auction at Pittsburgh on September 21st by order of the United States Court at Pittsburgh. While the Company has been in the hands of a Receiver for two years, it was thought to have been making money, but the Receiver, James Henderson, was the one who proposed to the Courts that a day be set for the sale of the Company's effects.

When will Maysville People Learn the Importance of It?

Backache is only a simple thing at first; But when you know 'tis from the kidneys; That serious kidney troubles follow; That diabetes, Bright's disease may be the fatal end.

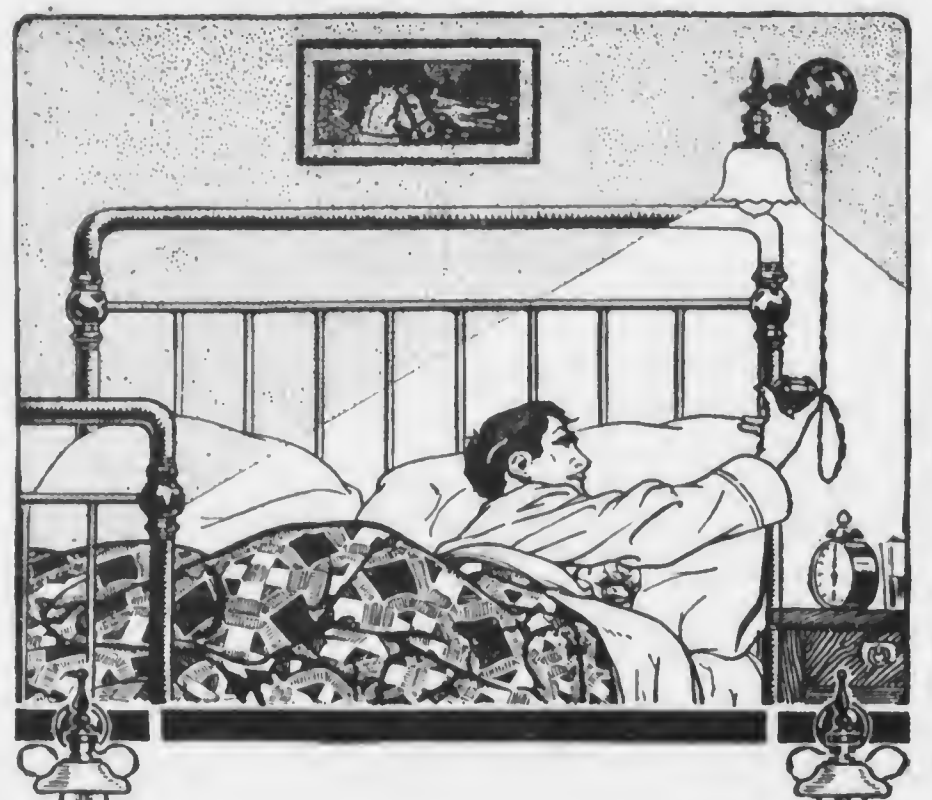

You will gladly profit by the following experience.

'Tis the honest statement of a sufferer who was cured.

Thomas Rusk, East Second street, Vanceburg, Ky., says: "I suffered from kidney trouble and inflammation of the bladder for over ten years, some of the attacks being so severe that I really thought I would die. A complete retention of the kidney secretions existed and I called a doctor who drew the secretions from me with an instrument. None but those who have gone through this can imagine the suffering I endured. Some time ago I saw Doan's Kidney Pills advertised and I procured a box. Since using them I have had not had any trouble from my kidneys."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.

The Reunion This Year at Park's Hill To Be Big Event

The Executive Committee, composed of Judge J. D. Hunt of Lexington, Captain S. G. Sharp of Covington, Judge G. S. Wall of Maysville, W. H. Robb of Helena, and Major H. M. Taylor of Carlisle, has everything in readiness for the greatest reunion of Confederate veterans ever held in this section of the State. The meeting will be the annual reunion of the survivors of General John Hunt Morgan's command and will be held at Park's Hill Assembly grounds at Park's Hill, Nicholas county. Already the local members of the committee in charge of the arrangements have received assurance of the attendance of most of the prominent of General Morgan's men, as well as a large number of the survivors of the Orphan Brigade and other famous commands. The meeting will be called to order by General B. W. Duke of Louisville, President of the Association, on the morning of August 16th, and will continue two days.

The youngsters will go back to their respective Colleges. In anticipation of their wanting to fit themselves out in Fall Suits we have arranged to receive our best goods during this month. In fact, a good many are already in stock.

Among them quite a line of the celebrated Hirsch-Wickwire productions. Our patrons that wear them fully appreciate them.

The young ladies that go back to their collegiate institutes will doubtless want a nice Trunk, Suit Case or Traveling Bag. Our stock in these lines are the largest and best we have ever carried.

At the price we are selling our best Spring and Summer Suits we are surprised we have any left at all; but we still have a few left. If you find your size you buy the cheapest suit of clothes that was ever sold in Maysville.

We still have a few of the Blue Serge Suits at \$14.50, fully worth \$20; some of them heavy enough to wear late in the fall.

We are well supplied with Tobacco Pants and Aprons. Send in your orders for them.

Fleming Gazette.

Under the will of the late John G. Carlisle, W. J. Kehoe, a brother of Dr. H. C. Kehoe of this city, was appointed Executor and at the funeral was also a pallbearer.

Mr. Kehoe was Private Secretary to Mr. Carlisle during the early part of his career as a public official at Washington and was always held in high esteem by the great Kentuckian. Carlisle's estate will likely amount to two or three hundred thousand dollars.

Mr. Kehoe is a well known ex-Maysville man and is a brother of James N. and Mark Kehoe of this city and J. D. Kehoe of Washington City. W. J. Kehoe is now a wealthy resident of Washington City.

Robert Mockabee of Mt. Olivet was arrested yesterday for carrying concealed deadly weapons. He gave bond for appearance in the Police Court August 19th.

WANTED

Twenty-five or thirty men of this city or county who have \$100 each to spare to join with us and take a chance with the Ohio Valley Oil and Gas Company in sinking one or more wells on the 20,000 acres of land in Mason and Bracken counties they have leased.

If they fail to strike oil or gas you are out your money, but if either should be found it will pay handsomely.

We are willing to risk our \$100 and feel that the prospect is good. Anyone feeling interested telephone, write or call on E. L. Manchester, W. H. Key, R. A. Carr, Jr., W. H. Moans, J. C. Rains, A. D. Cole, S. C. Brittingham, J. Barbour Russell, E. H. Roden.

STREET NEEDS OILING

Second Street Extension is in a fearful condition. The dust in places is several inches deep, and the residents along this much-traveled thoroughfare are compelled to keep their windows down and doors closed in order to escape suffocation from the clouds of dust kicked up by passing vehicles. They are certainly to be commiserated. This miserable condition could be ameliorated by giving the street another application of oil. Will the Mayor and Chairman of the Internal Improvement Committee kindly give the matter their thoughtful consideration?

Improvements amounting to \$31,000 will be made at the Frankfort Penitentiary this year by the Prison Commission, which contemplates the erection of a modern hospital, a large auditorium for religious services and a place of amusement, and the raising of the roof of the workshop to make a room for a night school. Quarrels make enemies and leave the question still unsettled.

WHEN a man can take no interest in anything but politics, the prudent thing for him to do is to move to Ohio.—St. Louis Globe Democrat.

It is one thing to tell foreign powers how to govern their dependencies, but quite another thing to tell Ohio Republicans what to think and do about the Tariff.

It is safe to predict that when Colonel ROOSEVELT takes the Indiana stump Colonel JOHN W. KERN will take to the Indiana woods.—Philadelphia Telegraph.

THE Federal officials in Oklahoma persist in trying to get Governor HASKELL into jail, despite his repeated declarations that he is innocent of any wrong doing.—St. Paul Pioneer Press.

THE Baltimore Sun says whenever a woman takes to drink or to smoke even in moderation she puts her feet in a dangerous path and adds that laxity of conduct which is closely associated with loose morals. The regrettable thing about it is that such an editorial has to be written.

A FARMER in 1896 (CLEVELAND days) could buy 59 pounds of granulated sugar with 10 bushels of corn. Today he can buy 131 pounds of sugar with 10 bushels of corn. Guess he won't care to do any business with the insurgents this fall. They don't like to see him prosper.

SOME folks are making a racket about other folks mortgaging their homes to get money to buy automobiles. Why not? Is it not a popular saying that a man lives longer if he gets the fresh air, and will he not feel better alive in an automobile than dead in a house?—Carlisle Mercury.

CONN LINN of Murray, Calloway county, State Senator from the Third Senatorial District, will leave Murray at an early date for Tulsa, Oklahoma, which place he will make his home. His departure from old Kentucky relieves our noble State of one conscienceless politician who, in the name of partisan Democracy, would commit any crime to further the success of any party measure. Now, if LINN will form a partnership with Governor HASKELL, what a pair of noble grafters they would make.

THE other day a person of an inquiring turn of mind stopped before a toilet table in a house occupied by a family of distastefully the middle class, and took inventory. The table contained the following articles: three kinds of talcum powder; two

Oh, You Tariff!

kinds of tooth powder; eau de cologne; bath salt; foot soap; hair tonic; cucumber cream; face lotion; cold cream and foot powder. It certainly is dreadful the way the cost of living has increased!—Fiber and Fabric.

CHAMP CLARK says he can almost see himself in the Speaker's chair. It is a mirage, Colonel.—Omaha Bee.

WE can't have any system of Tariff that will make it possible for us to get high prices for what we sell and low prices for what we buy.—Hiawatha (Kas.) World.

MUSICAL statisticians will find splendid material in trying to figure out the question as to which is harder to run, a Republic in Central America or a Grand Opera-house in New York.—Musical Courier.

THE Democrats seem to be all at sea. They have not a single issue to work, except the ever ready idea of wrecking things. Their Text Book of speeches contains no constructive arguments, only fault-finding and pretended dissatisfaction. Their one aim is to tear down, not build up. They have no record but a negative one; no issue but a desire for office.

THE Tariff is made a scapegoat for high prices in regions where the people allow Free-traders to do their thinking. That seems to be the case in parts of Oklahoma, where an advance of \$1 a thousand on common lumber is excused on the ground that the increased Tariff necessitated such a course, when, as a matter of fact, the duty was reduced 75 cents a thousand.—San Francisco Chronicle.

EVERY word that Postmaster General MEYER says regarding rural free delivery may be heartily endorsed. It is an expensive experiment, and yet there is no

The Parcels Post Scheme

logical reason for denying to the farmer the free delivery of his mail. If the farmer is such an important principle in the life of a Nation, and he is, he should receive every consideration, in that the closer he comes into touch with the great movements of the world, the more he feels that he is one of a great people. The reading of his daily paper will supply him with the needed impetus to go out into the fields determined to accomplish something worth while. This the rural free delivery is accomplishing.

"The carrying of parcels of merchandise, however, is a very different thing. It bears scarcely any relation whatever to the governmental function above referred to. One is essentially educational, the other purely commercial." These words of a Congressman from California were uttered in the House of Representatives on March 3d, 1908, and supply a sufficient reason for opposing any extension of the parcels post system.

The advocates of parcels post contend that if the farmer is granted such a system he will have received the one link necessary to complete his chain of happiness. A careful consideration of the problem from his view point will no doubt prove to any fair-minded individual that this is a misstatement of facts. For instance, deliver parcels to him and you destroy the local dealer's business, thus removing the farmer's home market for his produce. This necessitates the shipment of his produce to a distant market, which requires an additional expense, both in the matter of carriage and packing. Moreover, much that he produces will not permit of long shipments. Consider these facts and judge for yourself whether or not the farmer has cause for thanks. Parcels post and rural delivery are two distinct propositions. One is strictly commercial, the other is educational.—Maxwell's Talisman.

CORN'S RAPID GROWTH

A wager was made between two Fayette county farmers as to how much a stalk of corn will grow in a single day. One of them said that a certain healthy stalk of corn, about waist high, would grow one inch, while the other wagered that it would grow two inches. Accordingly a stake was driven in the ground so that its top came even with the highest blade on the stalk. At the same hour the following day an examination was made, and it was discovered that the stalk of corn had grown just four inches.

MAYOR GAYNOR SHOT BY CRANK

NEW YORK, August 9th.—William J. Gaynor, Mayor, was shot in the head and seriously wounded today as he stood on the promenade deck of the steamship Kaiser Wilhelm der Grosse by James Gallagher, discharged and disgruntled city employe. Gallagher was almost instantly overpowered and arrested. The shot was fired this morning fifteen minutes before the Kaiser Wilhelm der Grosse was due to leave her pier at Hoboken, N. J., and the Mayor was receiving God speed from a group of friends preparatory to his vacation trip to Europe.

NEW YORK, August 10th.—This bulletin on Mayor Gaynor's condition was issued at 1:30 a. m.:

"The Mayor is awake and is cheerful. He has no pain and he is conversing freely with his nurses and physicians. The indications are that he will have a good night."

What's in a Name?

When it comes to kitchen cabinets, there is a whole lot in a name—other things I don't intend to talk about. All there is in a name as applied to kitchen cabinets is contained in the one name

"Hoosier"

Most kitchen cabinets claim to be convenient, yet every claim to convenience is based on some feature which already existed in a Hoosier.

Most kitchen cabinets claim to be sanitary, yet the Hoosier Kitchen Cabinet is the only cabinet in which the pure aluminum table top and rust-proof metal parts, combined with automatic self-cleaning bins and dust-proof doors, protect your food from every possible contamination.

Most kitchen cabinets claim to be well constructed, yet the Hoosier Kitchen Cabinet is the only kitchen cabinet which the merchant can take completely apart so that you may inspect the most inaccessible points and corners.

A comparison will prove to you that there is only one really high-class kitchen cabinet in the world.

350,000 other women have already proven this to their own satisfaction. It will pay you to investigate now.

A Hoosier Kitchen Cabinet will save you one to two hours of the hard part of your kitchen work every day.
